PROFESSIONAL SUMMARY

Front-End Developer specializing in React.js and Next.js, experienced in building production-ready platforms including LMS systems, dashboards, and e-commerce interfaces. Skilled in crafting scalable component architectures, optimizing performance, and delivering responsive, accessible user experiences across devices.

HIGHLIGHTS

- Led front-end development for multiple production web platforms using React.js, Next.js, TypeScript, and Tailwind CSS.
- Architected reusable component systems that improved development speed and UI consistency.
- Enhanced performance through code-splitting, caching strategies, and image optimization.
- Designed mobile-first, accessible interfaces aligned with modern UX/UI patterns.
- Implemented API integrations, client-side state management, and real-time UI updates.
- Strong focus on maintainable code, folder structure clarity, and scalability.

EXPERIENCE

Front Office Receptionist

Jun 2025 – Present

- Oversaw reception operations and delivered a professional first-point-of-contact experience for clients, partners, and guests.
- Coordinated visitor access, managed daily communication with management, and supported internal workflows.
- Handled administrative responsibilities including documentation, scheduling, and data entry using Microsoft Office tools.
- Maintained an organized workplace environment while efficiently managing high-volume tasks and requests.

Front-End Developer – Champions Global

Sep 2025 – Nov 2025

- Joined as a Front-End Intern and contributed directly to a large-scale LMS platform used by professional sports trainers worldwide.
- Redesigned multiple UI components and improved user flows, resulting in a smoother and more intuitive learning experience.
- Implemented dynamic API integrations to support fully customizable platform theming (fonts, colors, layouts) controlled directly from the admin dashboard.
- Developed the complete exam & quiz engine, including scoring logic, level progression, and gamified reward system.
- Collaborated with backend engineers to implement secure, scalable JWT-based authentication.
- Enhanced platform structure by refactoring components, improving performance, and standardizing UI patterns.

- Gained hands-on experience working with a senior engineering team, adopting best practices in teamwork, debugging, and scalable architecture.

Assistant Manager Administrative

Sep 2023 – Jun 2025

- Served as the primary coordination point between office staff, engineers, and field teams, ensuring seamless communication and operational alignment.
- Managed documentation, project reports, and data tracking using advanced Excel and Word workflows.
- Oversaw on-site team scheduling and real-time monitoring to ensure timely milestone delivery across engineering and installation projects.
- Supported internal project coordinators, improving cross-team collaboration and process efficiency.
- Handled office logistics, event organization, procurement, and critical tasks assigned by management.
- Collaborated with high-profile clients including Nokia, Huawei, Ericsson, and Orange, adhering to corporate quality and communication standards.
- Strengthened leadership, multitasking, and problem-solving skills while operating effectively under pressure.

Administrative

Sep 2020 – Oct 2023

- Managed daily administrative operations in a hospital setting, ensuring seamless workflow across departments.
- Coordinated patient cases and follow-ups, improving communication between medical and administrative staff.
- Handled medical documentation, paperwork, and records management with accuracy and confidentiality.
- Developed strong interpersonal skills, adapting communication style to diverse personalities and maintaining professionalism under pressure.
- Demonstrated patience and stress management while supporting staff, patients, and their families.
- Enhanced organizational efficiency through proactive task management and problem-solving in a fast-paced healthcare environment.
- Applied empathy and professionalism to improve patient experience and staff collaboration.

PROJECTS

Champions Hub – LMS Platform

Sep 2025 – Nov 2025

Live: <https://champions-hub.com/>

- Developed a structured component-based UI system optimized for scalability.
- Implemented responsive layouts supporting course browsing, filtering, and enrollment.
- Integrated dynamic course content via APIs and improved user interaction flow.
- Result: Faster user navigation and improved page responsiveness.

Tech: React.js, TypeScript, Tailwind CSS, API Integration

FocusFlow Dashboard

Nov 2025 – Dec 2025

Github: <https://github.com/Ak-AhmedFathi/FocusFlow-Dashboard-React.js>

- Developed an authentication-protected productivity dashboard for task management.
- Implemented task creation, status updates, and overview analytics.
- Built reusable components for navigation, charts, notifications, and theming.

Tech: React.js, TypeScript, Tailwind CSS, TanStack Query, Node.js, PostgreSQL

CRM Dashboard UI	Nov 2025 – Nov 2025
Github: https://github.com/Ak-AhmedFathi/CRM-Dashboard-UI	
<ul style="list-style-type: none"> • Designed analytics dashboards including cards, charts, and data tables. • Organized reusable layout components to maintain design consistency. • Optimized responsiveness for tablets and mobile devices. 	
Tech: React.js, Tailwind CSS, TypeScript	

Expense-Dashboard-Next.js	Nov 2025 – Nov 2025
Github: https://github.com/Ak-AhmedFathi/Expense-Dashboard-Next.js	
<ul style="list-style-type: none"> • Created dashboards visualizing expenses with interactive charts. • Added filtering, categorization, and dynamic data rendering. • Delivered a responsive dashboard optimized for daily financial tracking. 	
Tech: Next.js, React.js, Tailwind CSS, TypeScript, Recharts	

Landing Page Template -Next.js	Nov 2025 – Nov 2025
Github: https://github.com/Ak-AhmedFathi/Next.js-Landing-Page	
<ul style="list-style-type: none"> • Built SEO-friendly landing page using optimized routing and semantic HTML. • Assembled modular sections (hero, features, pricing, CTA) for easy scalability. • Ensured high performance and fast loading through modern Next.js features. 	
Tech: Next.js, React.js, Tailwind CSS, TypeScript, Framer Motion	

Vanilla Hoodie Motion Shop – E-Commerce	Jul 2025 – Aug 2025
GitHub: https://github.com/Ak-AhmedFathi/vanilla-hoodie-shop	
<ul style="list-style-type: none"> • Created a lightweight e-commerce interface without frameworks. • Implemented product display, cart logic, and interactive UI using vanilla JS. • Delivered fast load times and smooth mobile performance due to minimal bundle size. 	
Tech: React, Motion UI, Tailwind CSS, JavaScript	

Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Redux/Context API, TanStack Query

Styling & UI: Tailwind CSS, Sass, CSS Modules, Framer Motion, Responsive Design, Accessibility

Tools: Git & GitHub, npm, yarn, bun, VSCode, Linux, REST APIs, Webpack/Vite basics

Other: Performance Optimization, Component Architecture, State Management, UI/UX Fundamentals

Education

Bachelor's	Sep 2019 – Jun 2023
Faculty of Law, Helwan university	

Languages

Arabic	English
Fluent	Good
